Research Safety Guidance

The latest and most up-to-date safety guidance is posted to the Division of Research and Innovation coronavirus updates page. This criteria applies to in-person research, scholarship, community service and creative activities at all SDSU, SDSURF, and field research sites. Please review the criteria and make sure your project is in compliance.

Research Repopulation Requests

There is now an easy one-stop process for research repopulation requests related to changes in personnel.

The new OnBase form will streamline the application process by auto-filling key information about personnel; simplify the review process by auto-routing to reviewers; send automated responses to applicants about the approval process; and share information with the COVID-19 testing database to ensure that all students are enrolled in the required testing every 14 days.

(Coming soon: OnBase capability for requesting approval for new research processes.)

Ensure Testing Compliance

All student researchers must be tested for COVID-19 every other week. Research leaders must check WebPortal to ensure students have received university clearance prior to each work shift. You must be logged into your SDSU account to view the instructions.

Report COVID-19 Cases

If you or someone involved in your project has tested positive for COVID-19, you must ensure the university is informed.

Ask the individual to fill out SDSU's reporting form. To ensure reporting is completed and Student Health Services is aware, the research leader must also submit this form. If the individual is an SDSU Research Foundation employee, they should also complete the COVID-19 Reporting Form for SDSURF Employees. The affected employee must also immediately stop participating in research.

Environmental Health and Safety

Environmental Health and Safety is now hosting a virtual front desk on Wednesdays from 9am to noon. An EHS rep will be available to answer questions regarding inspections, hazardous materials and/or waste, or safety related processes. If you have a question but are unable to join during the virtual front desk time, send an email to ehsresearchsafety@sdsu.edu.
