Footnotes

A Footnote regarding Administrative and Financial Records- Section 10.1

B Footnote regarding Conflict of Interest - Section 10.4

C Footnote regarding IRB records - Section 10.3

D Footnote regarding Retention Period (general)

Financial records in 10.1.1 includes all records related to expenditures (including effort certifications and cost match), revenue and cash receipts. Refer also to the CSU Retention Schedule, Section 2 regarding fiscal records.

Requirements related to other funding agencies may vary. In all instances, individual agreements should be consulted to determine applicability of special requirements.

In accordance with the campus's federalwide assurance (FWA), the retention source authority may also reference 21 CFR 56.115 IRB Records (Food and Drug Administration) - records and retention requirements are virtually identical to those referenced in 45 CFR 46.115.

- For federal research contracts 48 CFR 4.7 may be applicable, which requires retention for 3-years after final payment is received.
- If sponsor guidelines require a different retention period, the longer retention requirement shall prevail.
 If any litigation, claim, or audit is started before the expiration of the retention period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.
- Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.
- When records are transferred to or maintained by the Federal awarding agency, the 3-year retention requirement is not applicable to the recipient.
